

Equipping churches and pastors for financial freedom

CLSE.ag.org

What level of financial freedom do you have?

A recent study showed that **40 percent of AG pastors have no confidence that their finances will improve in the next 10 years.** Maybe you or someone you know can understand how that kind of stress can affect your ministry, or even your perspective on church finances.

To help pastors achieve greater financial freedom, the Assemblies of God® has created the ***Center for Leadership and Stewardship Excellence***.

Through the center's Web site, you'll have access to **free articles, tools, worksheets, and more about financial topics**, including:

- Personal Finances
- Church Administration
- Compensation & Payroll
- Stewardship & Giving
- Church Budgeting & Finance
- Church Governance

Apply for a Grant

Need additional help, or know someone who does? CLSE also offers the Ministerial Excellence Fund to help credentialed ministers with retirement savings, school debt, and medical expenses. Apply today!
